

**Mr. I.G. Sivadas,**  
Vice-President, Hari Sri Vidya Nidhi Trust

Dear staff and students,  
I am so happy to extend my warm welcome to this new venture published in the name 'Hari Sri Pulse'. This is intended for students as well as teachers to get proper exposure. Very informative as well a literary contribution.

I request all students, as the vice-president of this school, to utilise this golden opportunity to write poems, stories and articles. If you utilise this occasion properly, it will take you to be heights, no doubts.

**Ms. Neena Harishankar,** Vice principal

Hello children, let me begin by congratulating the entire team working behind this newsletter.

The pandemic has hit us badly in the last two years. It has been a trying period wherein everyone's daily routine has gone haywire. We have forgotten what deadlines are and how to achieve it. A mode of lethargy has set in in one's life. Now with the shadow of the pandemic slowly being lifted and normal life being restored, you are back to the classrooms and in all seriousness, you need to take up your academics more seriously and systematically.

As you go along your daily schedule, remember that **procrastination** is the thief of time. All of us have faced the consequences of it at one point or another. So, children, you have to consciously avoid this to get set in your life. Don't shift till tomorrow what you must do today. Putting off tasks until the last minute, or past their deadline, will just increase your stress levels. So, avoid it. Complete your tasks at the right time. Always have these words ringing in your mind:

**I must! I can! I will!**
