"Every adversity carries with it the seed of an equivalent or greater benefit."
Napoleon Hill

In life you can either wallow in misery and dwell on the negative aspects of your situation or you can find the benefit or lesson that the problem is offering.

As Mary Case said "No pressure, No diamonds."

There is always a flip side to any difficulty in life. Face your problems with a smile. An adversity teaches you to develop a deeper appreciation for many aspects in your life. As they say, "You don't usually appreciate something until it's taken from you."

An illness will teach you to give your health the utmost importance. The loss of a loved one will teach you to love people around you while they are still around. Failure at work will teach you to work better and learn something new. A failed business venture would give you a new idea to work on and so on.

Always believe that problems are there to serve you – not to destroy you. Remember, in a crisis, be optimistic and have an open mind for this is the environment that will allow you to find the benefit in your difficulty always.

LET THE PEAL OF HARMONY BE THE APPEAL OF ALL RELIGIONS

HARI SRI'S PRAYER MEET 2023

In accordance with the Board Examinations of Class X and XII, the annual Hari Sri prayer meet was held with deep fervour. The students of 9th and 11th grades put up a spectacular display as a result of their hard work. The auditorium was adorned with symbolic representations of religious diversity, featuring depictions of Hindu, Muslim and Christian cultures. The musical performance was soul-stirring and the students' melodious voices captivated the audience. This laid a lasting impression on Nalini Valiyamma who declared this year's Prayer Meet as the best one till date.

Mrs. Deepthi Menon Executive Director

Dear Friends,

February brings with it a whiff of anticipation as the ICSE and ISC Board Examinations loom in the horizon. The Hari Sri prayer meet was held on the 7th, a solemn occasion when Class XI students offered prayers and sang hymns celebrating the Hindu, Christian and Muslim religions. The Board children received blessings from all their teachers, signifying that the Guru is next only to the Almighty.

The ISC and the ICSE exams started on the 12th and the 21st respectively. A highlight of the month was the Hari Sri Nursery Annual Function where the LKG and UKG babies blossomed on stage as they spoke, sang, danced and acted superbly. The dedication of the Headmistress, Ms. Nalini Venkatesh and her trained teachers, bolstered by the guidance of Nalini Valiamma, bore fruit as the items unfolded.

The Hari Sri Executive Committee revealed their generosity through the staff picnic organised at Samar Bay Resort. While it was an enjoyable occasion, it was also a poignant one as seven of our beloved teachers were being honoured before their retirement. Needless to say, all of them have played a significant part in bringing up the school. They will be sorely missed.

Signing off with warm wishes to all our children who are writing their Final Examinations.

On February 24th, our Executive committee orchestrated a well-planned staff get-together at the scenic Manallur Samarbay Resort. The day was filled with exciting games, a delectable lunch, and a delightful boat ride, ensuring a perfect blend of fun and relaxation.

The event was graced by the presence of our esteemed founder principal, Mrs. Nalini Chandran, along with Committee members and both teaching and non-teaching staff. The atmosphere was charged with camaraderie and jubilation, making it a memorable day for everyone in attendance.

As part of the day's proceedings, we bid a heartfelt farewell to seven staff members who were retiring. Their dedicated service was acknowledged, and it was a moment to express gratitude for their invaluable contributions.

In a surprising twist, the President, Mr. T.G. Chandrakuamar added an extra layer of joy by conducting a lucky draw, awarding a generous sum of Rs.1000 to each of the 11 lucky staff members. This marked the celebration of the Committee's remarkable eleven-year journey.

The entire staff get-together was a resounding success, which helped us to reinforce a sense of unity and harmony among the school community.

Let's split

In a room colourful and bright
That is where a girl first
took sight
Of a person on TV doing a split
That's when she decided to aim
high.
The limit was the sky
Her tiny legs stretched
Her muscles flexed
After doing stretches every day
There was a sudden shout of
hooray
The little girl had done her
splits
So that's a lesson for all kids
In how she tried to reach her
goal
You could do the same
And may be even get some
fame
Kids can be mighty and strong
Even though they can be wrong.

HARI SRI NURSERY ANNUAL DAY 2024

As another eventful year comes to an end, we look back on our activities with pride and a great feeling of accomplishment.

Giving importance to academics as well as extra curricular activities is our norm and this has been proved by the activities conducted during the academic year 2023-'24. Be it the Independence Day celebrations, Pookkalam competition, individual competitions like recitation, story telling, drawing and colouring, we do our best to make each and every child participate. As for the grand finale, the annual day celebration, the Hari Sri nursery prides itself on putting up a wonderful and colourful show, with almost all the children taking part in the events. This year too was no exception and it was, indeed, a visual treat.

Here at Hari Sri nursery school, we place great emphasis on spoken English. The children are always guided and encouraged by the teachers to speak in English. Our morning assemblies are quite child-friendly with lots of singing and interactive sessions. Another thing which only Hari Sri Nursery can boast of is having two teachers in each class. This helps the children to get individual attention and they are well cared for.

The Hari Sri nursery is a home away from home; a second home for our kids.
