

**Mr. Cijo Jos**, Executive Committee Member, Hari Sri Vidya Nidhi Trust

It gives me immense pride and pleasure to address you all as a first batch student of HSVN, the first sports captain, a former parent and an Executive Committee member. A peak-a-boo into the history of our school. In 1983, due to space constraints at the Hari Sri Nursery, parents of the first batch were informed to take admission for their children in other schools. But a few of the parents believed that their children would get the best education under Nalini Miss, the Legendary Educationist, and wanted their children to continue their education under her able guidance. They, along with Nalini Miss, formed the Hari Sri Vidya Nidhi Trust. They took a rented place near Printwell Press to continue the 5th Standard classes in 1984 and a house near AK Car Care (an automobile workshop) on the Kottapuram Road in 1985 to continue the 6th Standard classes. Initially, with no fund to purchase land to build Hari Sri Vidya Nidhi School, the trust members gave memberships to new members for nominal member fees, searching for a good place to start our school. Finding a suitable plot was a challenge in 1984.

It was my father, C.I Jose, one of the founder members of Hari Sri Vidya Nidhi School and Trust, who identified the current six acres of land which the trust approved, and a token advance was given for the same. It was his idea to sell around three acres of this land and to use the profit from the sale along with the membership fees collected to purchase the current three acres of land where the Hari Sri Vidya Nidhi School cluster block was built.

Being a first batch student, I have seen the school grow, brick by brick. I wish to salute everyone who has taken pains to build this wonderful institution. Under the guidance of Nalini Miss - the living legend, Deepti Chechi, current Executive Director, CEO Unnirajan Sir, Principal Preetha Miss and Executive Committee members, our school not only excels in academics, but also in the cultural and sports fields too.

Dear Children, these are your diamond-studded golden days which you will cherish for a lifetime. We are there with every step you take. Remember, every success of yours is an added feather to the growing colourful wings of Hari Sri Vidya Nidhi School.

**Ms. Bindu Suraj**, Vice Principal

The fact that no two human beings have the same fingerprint is proof that each person is unique. Children, I take this opportunity to tell you something that I always believed in, to be yourself. You need to understand who you are, your strength and weakness. Focus on your strength and work to reduce your weakness. Build your character, brick by brick, so that you respect yourself, value and love yourself and you

will automatically evolve into a better human being, better than you were yesterday.

some can fly higher than others  
but each one flies, the best it can  
why compare one against the others?  
each one is different, each one is special, each one is beautiful.'*

## FOUNDER'S DAY

At Hari Sri, Founder's Day was celebrated on September 5th, 2022. The Founder's Day commemorates the auspicious ritual of lighting the sacred lamp which was performed by our dear Founder Nalini Valliamma's maternal grandmother, Smt. Kannambra Ammukutty Nethliar, on September 1st, 1978. This year the Founder's Day was graced by Ms. Deepti Menon.

A presentation depicting the growth of the Hari Sri Family was shown which instilled inspiring thoughts in young minds.

As on every Founder's Day, the teachers who have served Hari Sri for 10 and more years were honoured. This year we honoured the following teachers:

- |                                  |                                 |
|----------------------------------|---------------------------------|
| 1. Ms. Suci Xavier - 32 years    | 5. Ms. R. Lalitha - 10 years    |
| 2. Ms. Bindu Suraj - 30 years    | 6. Ms. Dhanya Deepak - 10 years |
| 3. Ms. Vinodini N - 30 years     | 7. Mr. Sajeev R - 10 years      |
| 4. Ms. Rajitha Sijish - 10 years |                                 |

The Founder's Day programme was adorned by speeches by the Principal, Ms. Preetha Venugopal and the Executive Director, Ms. Deepti Menon.

Editorial

Mrs. Deepti Menon Executive Director

Dear Children,

Another glorious month has gone by with all the usual excitement. Founder's Day was followed by a colourful Onam programme by the ever enthusiastic parents of Hari Sri.

September saw the teachers and children walking a tightrope as they strove to balance academics with rehearsals for the ASISC Kerala Region Cultural Meet looming ahead in October.

As Ralph Marston aptly put it, "Excellence is not a skill; it's an attitude."

May we stride on in excellence and enthusiasm! God bless!

ONAM CELEBRATION

Hari Sri welcomed the fun and zest of this beloved festival with much enthusiasm on the 6th of September. Students and teachers matched the vibe of the day in their colourful best. The Association of Parents and Teachers put forth a splendid show as always. They presented a plethora of events; beautiful Onam melodies, vibrant dances by both parents and teachers, the classic 'Thiruvathirakali' and last but definitely not the least, a heavenly 'pookalam.' The celebrations came to an end with a dynamic flash mob by the XII students. It was a joyous day, indeed!

Shashank Varma- (III B) participated in All Kerala Cricket Tournament (Under 12) and the team became the Champions!

The Model United Nations (MUN) hosted by Nirmalamatha Central School was attended by seven students from Hari Sri, including me. There were two committees - the United Nations Human Rights Committee (UNHRC) and the United Nations General Assembly (UNGA), and we were given the freedom to choose the committee and the country that we wanted. I chose UNGA and was assigned as the delegate of Norway. The conference was held on the 24th and 26th. Being my first MUN, it felt like a new adventure. On the 24th all the delegates gathered in the conference hall for the opening ceremony. The committee began with an opening speech. The agenda of UNGA was 'revisiting sustainable development goals' and we had to debate and discuss on it. At lunch break, we got the chance to meet with other delegates and form alliances. During the second session, we were given a crisis and all the delegates were engaged in giving ideas to prevent it. Finally, a resolution was made and voting was done to pass the resolution. On the second day of the conference, we had debates on certain goals of sustainable development. During the debate, the delegate had to state the fact and, at the same time, not lose the decorum. During the second session, the committee discussed the topic of climate action and displacement. This was a challenge put forward by the UNHRC and we had to make a working paper on it. After lunchbreak, two blocs were formed. One was led by Finland and the other led by USA. The blocs discussed the measures to prevent climate change and displacement. After the working paper was submitted, the committee came to an end. The last hour was a confession session where the delegates wrote their opinion on the committee. At 5 pm, all the delegates from UNHRC and UNGA gathered in the conference for the closing ceremony. Being a part of the MUN conference gives one a new experience and the chance to widen one's social circle. MUN is all about meeting new people, discussing matters and having fun. We set off sharp at 5.30 in the morning, 81 excited souls in two buses. Our first pitstop was at Palakkad to nourish ourselves with a good breakfast for the excitement that awaited us. After a long ride in the bus with chit chat, photographs and the usual fun, we finally reached Kodaikanal, the princess of hill stations. After we reached there we went to Bryant Park; the beauty of the place was stellar. We took in some fresh air, had fun playing around and were then given the opportunity to go shopping in the local market. A few minutes later it started raining. We shivered in the beautiful cold weather. As we reached the hotel, we were in awe of the view before us. It was majestic and beyond what words could describe. In the evening, the staff and the teachers set up a camp fire for us and the fairy glow set against the dark night was amazing. There were many songs played, all of us danced enthusiastically to our hearts' content after which we filled ourselves with dinner and went to bed tired, awaiting the excitement of the next day. We set off at 7.30 a.m., said our prayers, had breakfast and went off to pine forest and green valley. We walked around the places and saw monkeys roaming around, not my classmates but actual primates! There we did a little more shopping. It was beautiful indeed; our itinerary included a visit to the lake and also Coakers Walk. Many of us took the opportunity to cycle around. After much fun we had lunch in the afternoon and slowly began our descent to our homes. A final stop as we witnessed the mesmerizing Cascade Waterfalls - a heaven for those who love the beauty of nature. Our trip finally ended when we reached school late at midnight, where we finally went to our homes, hearts packed with memories that are unforgettable. I would like to use this opportunity to share my heartfelt thanks to Nalini Valliamma, Deepti Ma'am, our Principal, Preetha Miss, Vice Principals Neena Miss and Bindu Miss. Last but not the least, I would like to share my deepest gratitude to our teachers who took time out of their busy schedules to accompany us.
